### GREEN LANTERN MOGO BATTLEFIELD

**Required Sets:**  
Rise of the Valkyrie™ Master Set,  
2 Swarm of the Marro™ Master Sets

*In Space Sector 2261, a beautiful, lush green world sits against the blackness of space. To the untrained eye it may seem like an untouched paradise - and, if you're an ally of the Green Lantern Corps, it can be. Its name is Mogo, a sentient planet wielding the green power of Will, and the distribution center for new green power rings. To his allies, he is invaluable; to his enemies, he is an enormous threat.*
