## UNDERGROUND CATACOMBS BATTLEFIELD

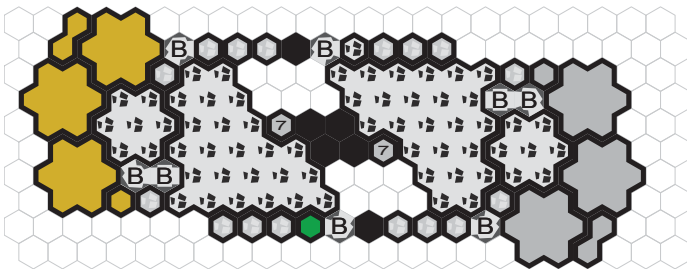

Required Sets:  
 Battle for the Underdark™ Master Set,  
 2 Fortress of the Archkyrie™

Those content in their urban sprawl forget those that walked before them - the city before the city, which still lies dormant below the familiar city streets. Few know of these catacombs, and even fewer dare venture through them. The rare souls that choose to explore quickly find that there is more at stake than crumbling concrete and buried ruins, and this abandoned turf still has its defenders.
