### RALLY FOR JUSTICE

If Hawkwoman inflicts 1+ wounds on an enemy with her normal attack, you may choose an ally within clear sight that you have not previously chosen for Rally for Justice this round. You may either maneuver the chosen figure up to 4 spaces, or place 1 of the following previously removed markers back onto its card: Order Marker, Green Battery Marker, or Justice Marker. Order Markers are placed unrevealed.

### ANTI METAL DEFENSE

When Hawkwoman defends, you may count 1 blank as a block. If the attacker has the Undead keyword or has Magical Affinity, you may instead count all blanks as blocks.

### AERIAL ASSAULT

After combat where Hawkwoman defends a normal attack, she may maneuver 1 space for each shield she has. If she ends this move engaged with the attacker, it receives 1 wound for each excess block.
