

ELONGATED MAN

RANDOLPH DIBNY

SUPER SLEUTH

After placing Order Markers and before rolling for initiative, you may reveal an "X" Order Marker on this card to choose an unrevealed Order Marker on an opponent's card and view it. If it is an "X" Order Marker, you may immediately view all Order Markers on that opponent's cards and when rolling for initiative this round, add 10 to your roll. If it is a numbered Order Marker, add that Order Marker's number to your initiative roll.

RIDICULOUS REACH

Whenever an unengaged enemy figure within 2 spaces of Elongated Man moves away from him or targets a figure other than him, you may roll an unblockable attack die against that figure. If you roll a skull, that figure cannot move away from Elongated Man and can only attack him this turn.

KINETIC STRETCH

Instead of moving, Elongated Man may use Kinetic Stretch. Kinetic Stretch has a move of 4. When moving with Kinetic Stretch, ignore elevations. Elongated Man may stretch over water without stopping, stretch over figures without becoming engaged, and stretch over obstacles such as ruins. When using Kinetic Stretch, Elongated Man will not take any leaving engagement attacks. If Elongated Man moved at least 3 spaces with Kinetic Stretch, he may roll one additional die when attacking normally this turn.
