

LUCIUS FOX

WAYNETECH DEVELOPMENTS

At the start of the game, after Order Markers are placed and before initiative is rolled, place up to five Utility Equipment Glyphs of different types into a Glyph Pool, power-side up, and set them aside. At the end of each round, if there are no Equipment Glyphs on this card, you may roll the 20-sided die. Add 1 to your roll for each friendly Engineer, Inventor, or Scientist adjacent to Lucius Fox. If you roll 6 or higher, choose a glyph from Lucius Fox's Glyph Pool and place it power-side up on this card.

"MISPLACED" INVENTORY

After revealing an Order Marker on a Unique Hero you control that is a Sidekick or Vigilante, before taking a turn with that Hero, you may remove one Equipment Glyph from this card and place it power-side up on that Hero's card.
