

 **HOLIDAY: LONG HALLOWEEN****HOLIDAY KILLINGS**

Before placing Order Markers each round, if your Holiday Marker is on this card, you must place it on the Army Card of an opponent's Unique Hero, if possible. Any figure with your Holiday Marker on its card subtracts 2 from its Defense number when attacked by a Misfit you control. If an unrevealed Killer you control attacks a figure with a Holiday Marker on its card and inflicts one or more wounds, you may reveal it as a Killer and inflict one additional wound on the defending figure. If a figure with your Holiday Marker on its card is destroyed, return that marker to this card.

A MURDERER'S MIND

While Calendar Man is on his Army Card and is not destroyed, you may only place Order Markers on the Army Cards of Calendar Man or Misfits you control. While you control one or more unrevealed Killers, you may not place Calendar Man on the battlefield.

CASE CLOSED

When a Misfit you control is destroyed, you must reveal if it was a Killer. When your last Killer is revealed, remove this card from the game.
