

C3G EXCLUSIVE BATTLEFIELD

MOUNTAIN SPRING BATTLEFIELD

Required Sets:

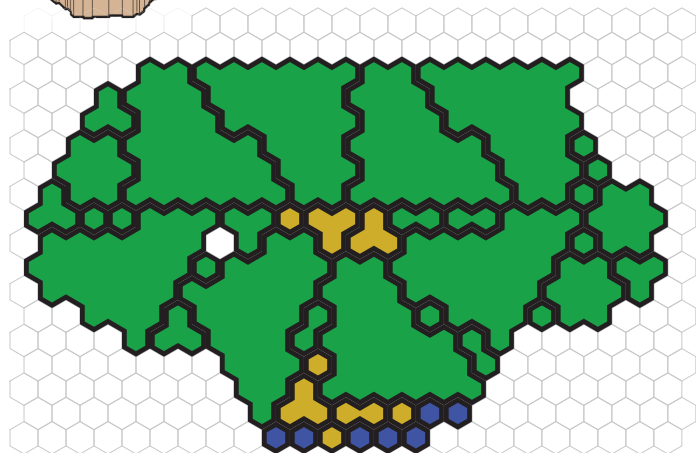

2 Rise of the Valkyrie™ Master Sets, 1
Battle For The Underdark™ Master Set

For decades, the gentle slope of this rural mountain has attracted tourists and adventurers seeking respite. But the slow trickle of its cold springs belies the mystery of the place - an occasional scrap of pottery or odd gem. With strange ruins and an almost artificial regularity of stonework near the peak, something strange may be hidden beneath this quiet landmark's surface.
