Start

This map is a combination of 2 separate maps:

Park Fountain map that uses: 1 RotV, 1 Marvel and 1 RFF

Sewer/Subway map that uses: 1 SotM, 1 Marvel and 1 FotA

When the two above maps are connected, an additional ladder piece is needed on top of the two existing ladders from the Sewer/Subway map.

The figure on top of the fountain is a statue and can be represented with any figure not being used or it can be left off altogether.

The map can be played as a 2 v 2 team game or a 4 person free for all. In a 2 v 2 game, red and green are team 1 and blue and violet are team 2. You may have to look at each separate map for starting zones because Virtualscape doesn't appear to be able to handle starting zones on top of one another on different levels.
