The Bridge Over River Mor (2)

Required Sets: 2 Master Set(s) +
expansion(s)

Other Sets: 1 Forgotten Forest

Scenario Goal:

Two armies seek to sieze an important road for their own use. Their struggle for control has brought them here: the River Mor. Success will be measured by who can hold the high ground - the ancient bridge that spans the river.

Scenario Setup:

Player 1 sets up his army in the yellow zone, and Player 2 sets up his army in the red zone.

Player Info:

Each player drafts or brings a pre-made army worth 500 points.

Victory Conditions:

Any player who has sole control of the bridge by the end of Round 8 wins the game. If both players have figures on the bridge, or if neither player has a figure on the bridge by the end of Round 8, the game ends in a draw.
