

2016 NHSD Prize Support Package

We have created a giant clone army of Sgt. Drake Alexander which is now deploying around the country (and Canada—hi wiggz!) for National Heroscape Day.

Included in this package you should find four of those clones along with their deployment orders (army cards) containing the appropriate authorizations (signatures). May they serve you well!

What are all of those signatures? They include the signatures of Heroscape Lead Designer Craig Van Ness and Designer Rob Daviau, which is cool, but they also include the signatures of their sons **Drake** (Van Ness) and **Alexander** (Daviau)! Their connection should be obvious 😊.

Drake and Alex were just babies when Sgt. Drake Alexander debuted, but are 13 years old now and agreed to sign a huge stack of cards for us to make the now-dispersed clone army a reality.

Also included in this package are a couple of additional random cards signed by Craig. When we sent the Drake cards to him for signing, **he sent these back as well to use as additional prizes**. Craig also sent us several minis and cards for Master Win Chiu Woo! Our supply of those is limited. If you received one of them—their distribution among these NHSD prize packages is random—you will actually only have 3 Sgt. Drake Alexanders, not 4. (He takes the place of one of them).

p.s., Please thank Craig, Rob, Drake, and Alex if you see/encounter them. They signed many, many cards (over 150) many which will also be used for prizes elsewhere. Thanks also goes to Dad_Scaper for help with logistics on this clone army project.
